

- Fine Bubble Diffusers, Disk or Tube type with EPDM, fEPDM or PTFE Membranes
- Coarse Band Diffusers
- Replacement Diffuser Membranes for most brands

- ValmetTS Inline Sludge Measurement Transmitters for Total Solids up to 40%
- Valmet DS Gravity Sludge Measurement Transmitters for Total Solids
- Valmet LS Filtrate Measurement Analyzers for Total Solids up to 5000 mg/l

- Westfalia Centrifuges for Sludge Thickening and Dewatering

- Rotary Lobe Pumps
- Multichoppers for Sludge and Grinders for Wastewater

- Ecoprocess SBR Sequencing Batch Reactors
- Atara and AirOmega Air Diffusers
- Oxijet Self Aspirating Aerators

- Mixers and Mixers/ Aerators
- Mixers for flocculation and Flash Mixers
- Mixing and Aeration Systems

- Lagoon Floating Baffles
- Clearwell Floating and Fixed Baffles

- Biomag and Comag Magnetite Processes
- Envirex Primary and Secondary Clarifiers
- Forty X® Disk Filters for Tertiary Treatment
- JetMix® Jet Mixing for Sludge
- Rex and Link Belt Traveling Water Screens
- Westates Granular and Powdered Activated Carbon

- Density Current Baffles and Dual Baffles for Secondary Clarifiers
- Launder Covers for Clarifiers
- Troughs, Weirs and Scum Baffles for Clarifiers

- ROTAMAT® RoSQ3 and RoS3 Screw Presses for Dewatering of Municipal and Industrial Sludges
- ROTAMAT® RoK 4 M Vertical Fine Screens for Pumping Stations
- RakeMax® MultiRake Bar Screens for Coarse and Fine Screening for Deep Channel
- ThermWin® Heat Recovery Systems from Wastewater

- Manual, Semiautomatic and Automatic Selfcleaning Filters

- HeadCell®, Grit King®, SlurryCup® and TeaCup® Free Vortex Grit Systems
- Free Vortex Combined Sewer Overflow Systems
- Screens for Combined Sewer Overflow Systems
- Vortex Drop Shaft Systems

- Screw Pumps for Installations in Concrete or Prefabricated Channels

- Piston Pumps for Dry Cake
- Live Bottom for Storage Silos and Hoppers
